

RUDRA SHREE FOUNDATION

B-45 Swarn Nagri Greater Noida Sector 31. Gautam Buddha Nagar (U.P)
Email id :Info@rudrashreefoundation.com , Contact No:0120-3568811

Rudra Shree Foundation visualizes a NGO in which peace, justice, and equality prevail and strives to build an India where all people have access to education, healthcare, employment women emopering, housing & sanitation and economic self-reliance, and where all Indians can realize their full potential off setting barriers of caste, creed, color, language and gender.

Nishulk Hygienic Sanitization Yojna

Rudra Shree Foundation is a specialist in providing hygienic sanitization and disinfection services in Greater Noida. With the recent rise of cases of Covid 19, the need for sanitization and disinfection for homes offices, commercial spaces, residences and government buildings, is at its prime.

Hygienic Sanitization yojna from Rudra shree foundation ensures optimum hygiene and protection by providing a clean, germ-free environment and preventing the spread of dangerous diseases. Our 2 stage disinfection process keeps your premises safe from disease-causing organisms and cross-infections in an enclosed area.

To address this requirement, our service professionals go through a rigorous training program and are given deep knowledge on the disinfection process with extreme focus on appropriately using disinfectants, sanitizing agents, smart tools and automated machinery so as to sanitize spaces and make them healthy and safe.

Our crew are background checked, police verified and wear all proper protective equipment and body protection suits, to ensure they do not bring along or come in contact with any germs and viruses.

Since viruses have the ability to rapidly transmit through air and surfaces, it is essential to address both in our treatment to achieve the desired results. A variety of eco-friendly sanitizing agents, smart

tools and advanced machinery are deployed through a two-stage disinfection process, paying special attention to all spaces and surfaces across the premise. This includes the Surface Disinfection treatment, followed by Spatial Disinfection treatment. The two-stage treatment ensures no space or surface is missed out thereby delivering 99% germ eradication.

Step1

SURFACE DISINFECTION

Our trained and equipped technicians will disinfect the sensitive surface areas doors and door handle, windows or windows handel in this first stage, using advanced machines, smart tools and world-renowned sanitizing agents. Special attention given to high germ contamination spots.

Step 2:

SPATIAL DISINFECTION

Aerial disinfection (inside the premises) will be carried out in the second stage, throughout the premise, with the specialized machines and highly effective sanitizing agents. This process ensures effective and appropriate dissemination of the sanitizing solution to all surfaces and services.

To know more about the detailed process, scope of work and customer preparedness related to the process please feel free to connect with us! Our Volunteer representatives will get in touch with you in a few hours and explain the detailed inclusions of the service such as the tools, equipment and sanitizing agents that will be used. A bespoke service proposal for your unique space requirements will be shared with the detailed scope of work, followed by a quick and effective service. The complete process takes a few hours for a typical residence and varies in the case of commercial spaces.

The volunteer team at Rudra Shree Foundation uses a unique formulation with a powerful composition that has been proven to be highly effective against over 19 viral families, 400 strains of bacteria and over 100 strains of fungi including airborne and viral diseases. For those that prefer to have a hygienic living or working environment, this aerial and surface sanitization treatment can be introduced to your premises to keep you ,your family and team safe.
